Nineteen Hundred Seventy Nine

Hala,
 Now
 that you
 realize that
 I'm only kidding
 I hope
 to become better
 friends. Have fun
 this summer and
 hope to see you
 during vacation.

Love,
 Dan

Hala, Hala Solomon.
 If you and Patrick weren't always
 going off together, never to be found,
 maybe I could have gotten to know
 you better (only kidding there)
 I think you're a real sweetie and
 I want to see you at least 17 times
 over the summer. I wish I could
 have made it to your bash last
 week, or if you have another one
 I'll be sure to make it to that
 one. OK? Next year we'd better be
 in some classes together or
 I'll cry. Have a great summer.
 Love,
 Kathy

 Mary

Hala baby,
 I just decided to
 write something.
 This year has been
 fun so far. I'm so
 glad we're friends,
 you are the sweetest
 and you've helped
 me alot.
 especially
 Dave.

Dear Hala,
 I'm so glad I met
 you this year you are
 soooooo pretty
 + soooooo nice
 Have a real fun summer
 I hope I see you next year.
 I am

Hala,

You've been the greatest friend and I want you to know that I want us to be best friends forever. We do have so much fun when we're together, and sometimes we don't even have to be doing anything. Thank you for all your listening and all your sweetness. You the sweetie! Don't ever let how far we live from each other come between us. I'll always be here for you when you need a shoulder, just like you have for me. Thank you so much for everything. You mean a lot to me, and don't ever forget I'm always here.

Love you very much,

Yanet

Hala,

^{I messed up} It's been really great knowing you and I know we'll stay in touch now that I know where you live. You are so sweet and pretty I hope you stay that way. Call me over the summer so you can come to my cottage with everybody again. If you don't call me I sure will call you. You and Pat make a perfect couple and I hope nothing happens to break it up. I don't know how to say what I feel so I will just show you.

Love ya always,

SUCCESS IS A PRIVILEGE,
JUST AN IDEA AWAY

Through our daily interactions, we continually affect the lives of many people. We should be grateful for these experiences, since they can develop friendships that will undoubtedly last for a lifetime.

We must put forth a concerted effort to cherish these particular days of youth. We learn that experience is not what happens to an individual, but rather how that individual reacts to what the experience has been. We live for today - growing and learning.

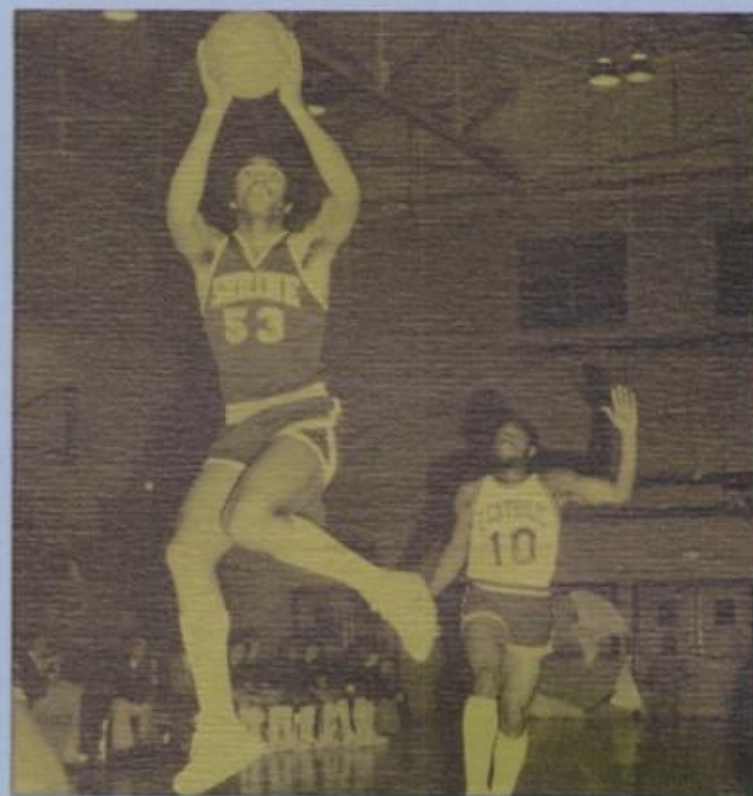

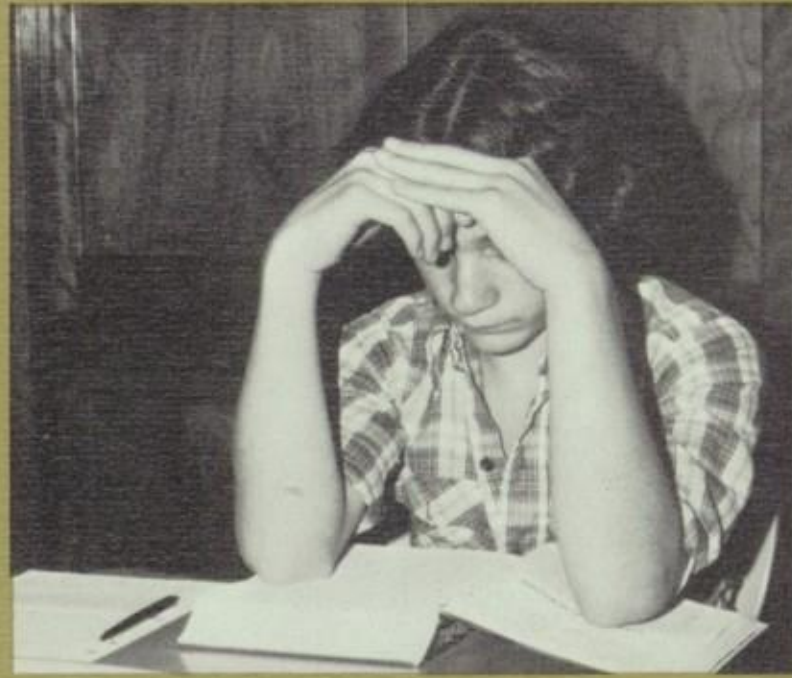

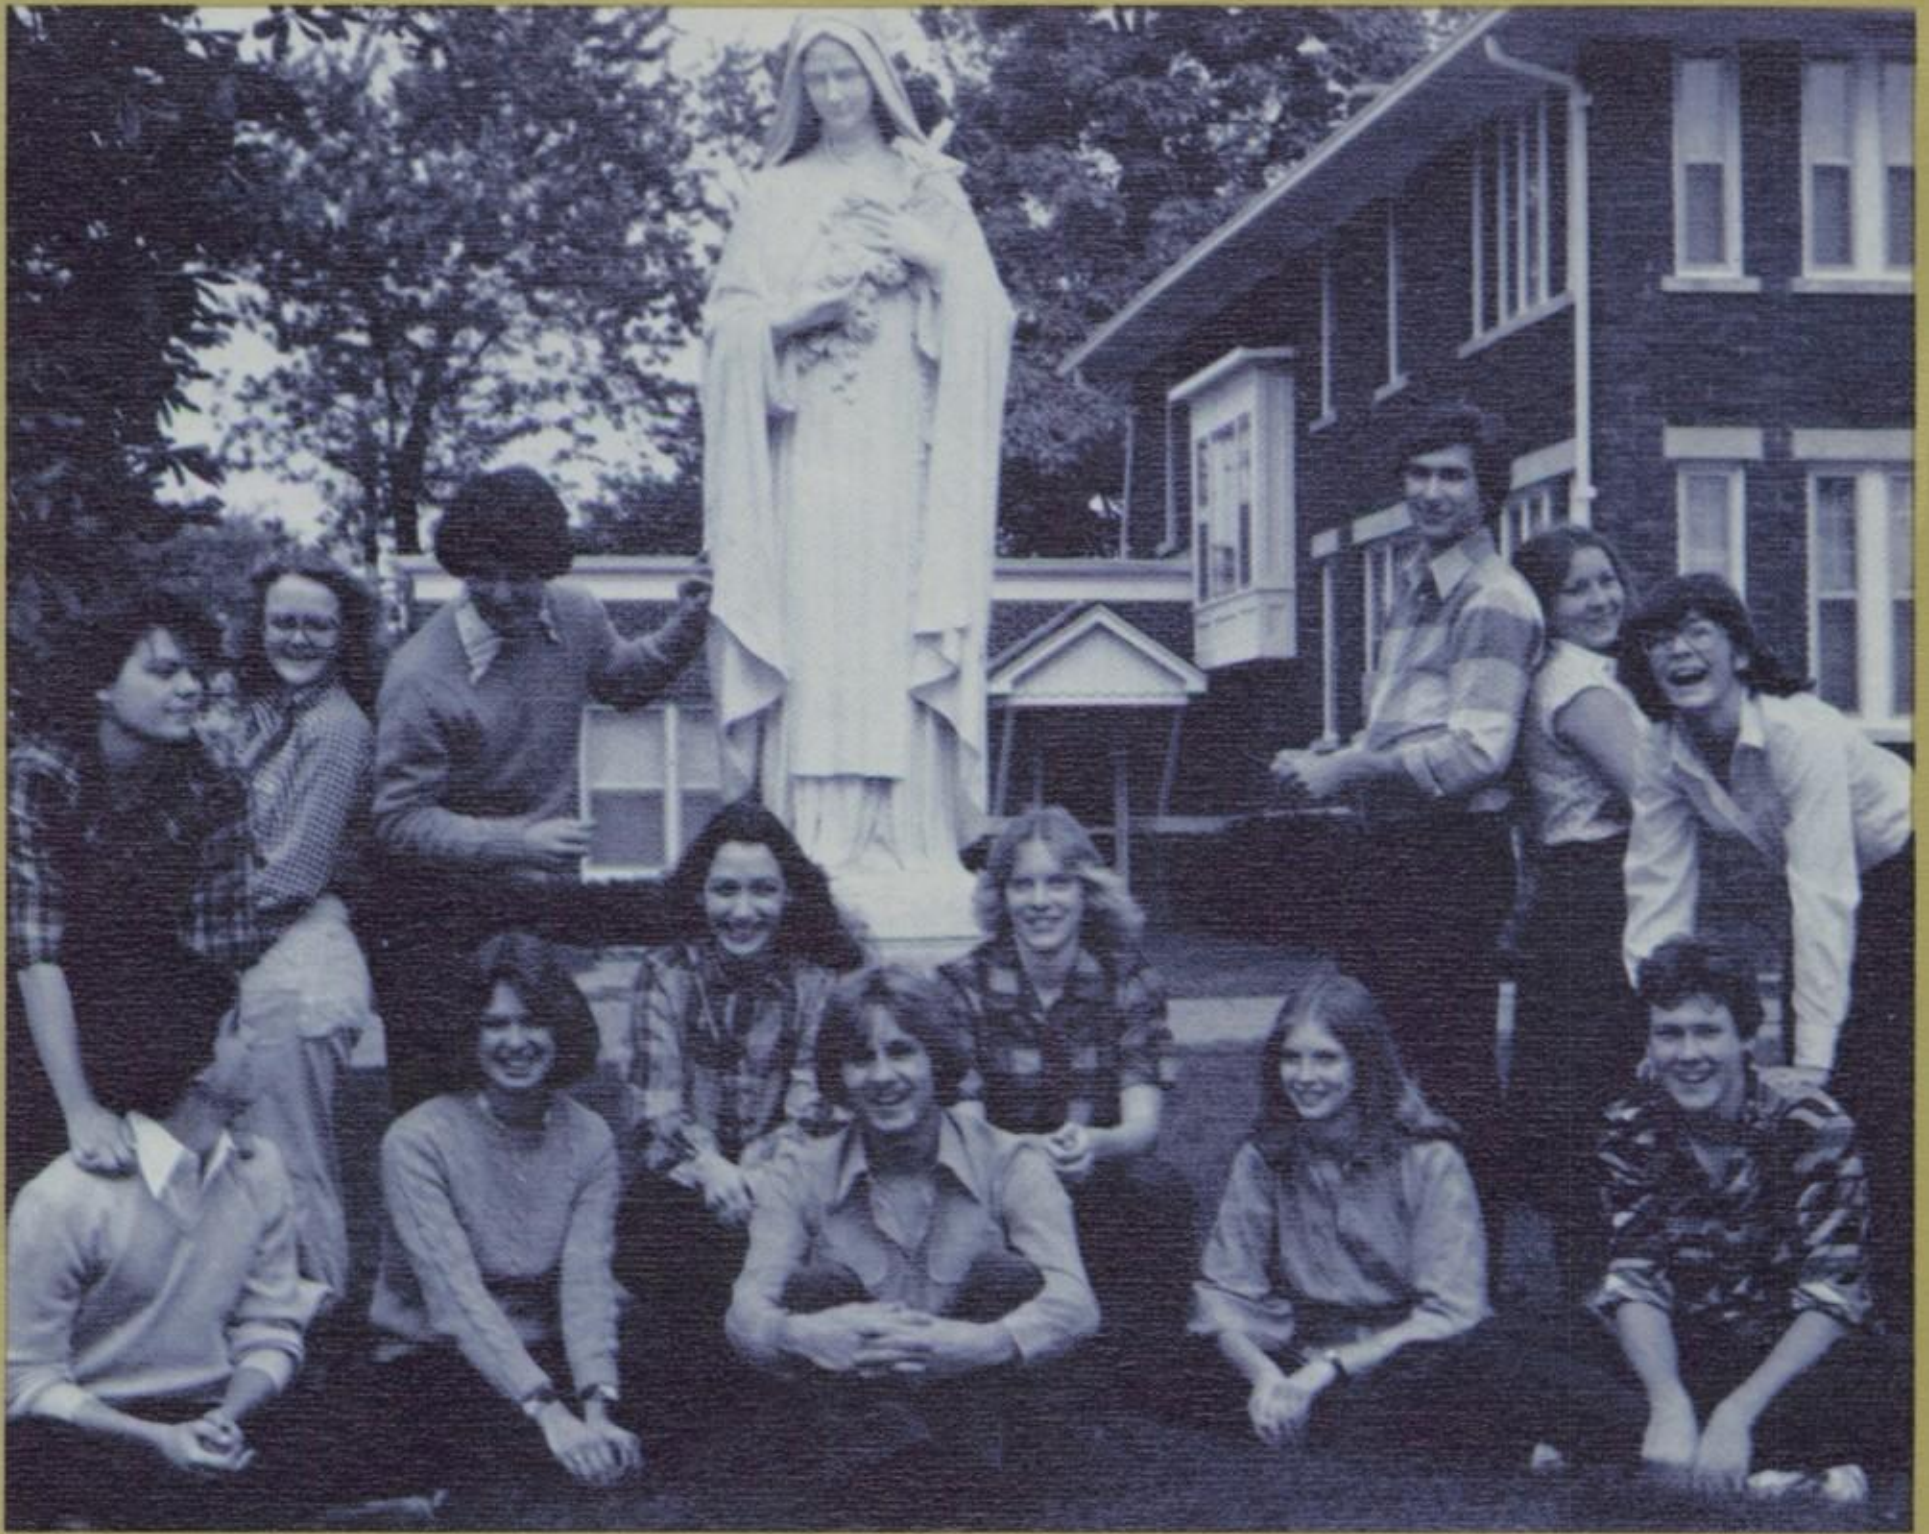

OUR YOUTH IS FOR TODAY,
TO LEARN AND GROW

1978-1979: A School Year To Be Long Remembered

Mr. Sam Kennedy
Foundation Director

The 1978-1979 school year was one which will long be remembered in the annals of history. The year was marked by the success of many people. Shrine seniors gained the privilege of Open Campus. In the World Series, cheering crowds led the Yankees in their victory over the Dodgers. The girls' basketball team captured the District, AA and Catholic League championships and were runners-up in the City and Regional championships. The Pittsburgh Steelers defeated the Dallas Cowboys in the Super Bowl. The Camp David Peace Talks took place in an effort to bring unity to the Middle East. Robert Joseph McHale was born to Carol and Dennis McHale. Louise Brown made her debut from a test tube. Detroit was host to the Broadway musical "Annie" at the Fisher Theatre. Detroit also earned the privilege to host the 1980 Republican Convention. We were

introduced to the Deltas from "Animal House" and the newer humor of the television program "Mork and Mindy." With President Carter's pardon, Patty Hearst was released from prison. William Milliken was re-elected Governor. Many losses were experienced the the last year. Jim Jones led his followers in Guyana through a ritual of mass suicide claiming over 900 lives. Popes Paul VI and John Paul I died after 15 years and 31 days of reign respectively. World and national leaders Golda Meir and Nelson Rockefeller died during the past year. Shrine's greatest loss was that of a great friend and inspiration, Janet Roberge. All Michiganders under age 21 lost their legal privilege to purchase alcoholic beverages due the passing of Proposal D. For Shrine High School and the entire Shrine Community, it was, indeed a year to remember.

The 1979 School Board: Ben Schwegman, James Jirkans, Yolanda Kridgen, Joseph Nigro, John Mergel, Jack Schwanitz, Thomas Kirkwood, Larry

Fillmore and Joseph Mooney. Members of the School Board not photographed are Richard Mollica and Fathers Edward Prus and Paul Chateau.

In Most Loving Memory

Janet Cross Roberge
1947-1979

As for me, my life is already being poured away as a libation, and the time has come for me to be gone. I have fought the good fight to the end; I have run the race to the finish; I have kept the faith; all there is to come now is the crown of righteousness reserved for me, which the Lord, the righteous judge will give me on that Day; and not only to me but to all those who have longed for his appearing.

THIS DAY AND AGE OF

KNOWLEDGE

Stressing Spirituality Through Service Projects, Liturgies

Religion:

Sharing our lives with our fellow students, we learn to

Share ourselves with our friends and families by

Participating in service projects and weekly liturgies in

The library. Mrs. Elwart's dedicated group of guitarists

And singers provide music for the liturgies. New

Classes this year, Prayer, Church History and Heroes of the

Church, along with the Freshmen Religion Program, help

Us to develop a necessary background for full participation

In the Church. Other classes, including Bio-Ethics and

Conscience and Morality, show us the Church's standpoint

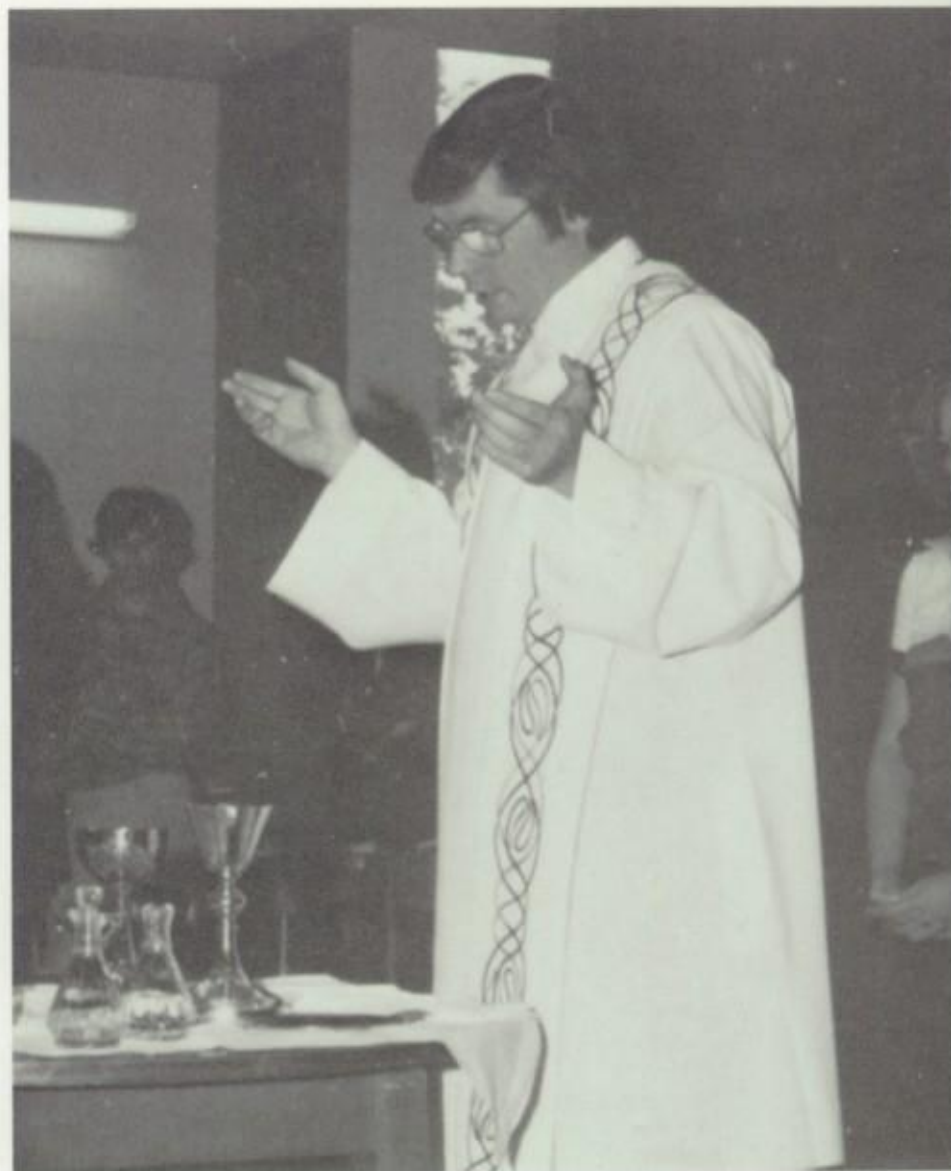

On some of today's issues.

Two new teachers, Miss Kathleen Sparks and Mr. Steven

Leahy, add a new dimension to spiritual life at Shrine.

Shrine is fortunate to have a dedicated and

Learned Religion Department.

Miss Kathleen Sparks puts her head down in exhaustion as her freshman religion class bombards her with questions. Teaching freshmen is tiring.

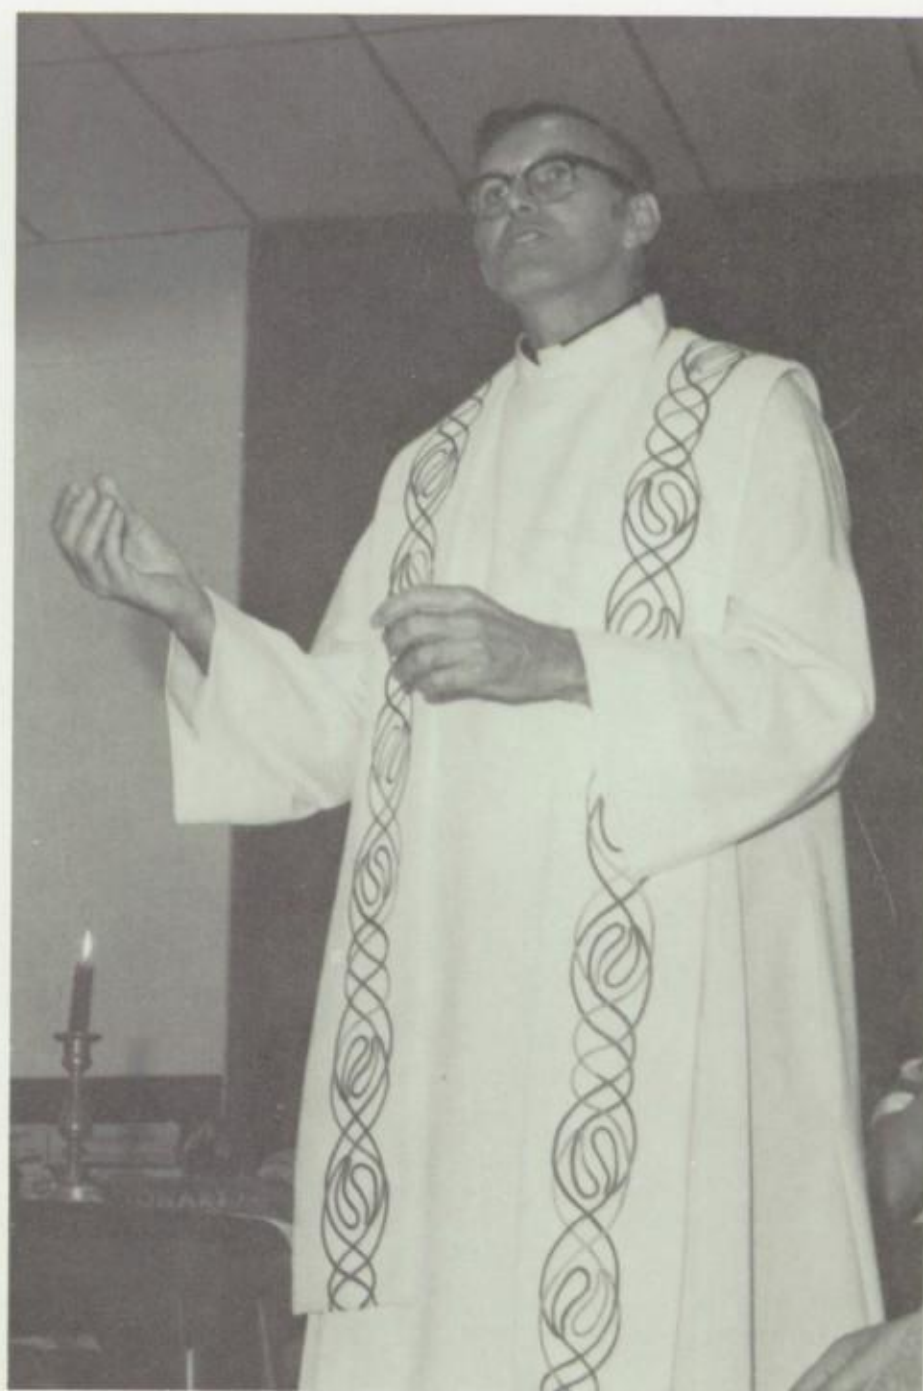

Therese Romano looks weary as she plays the guitar at mass in the library. The guitar group practices at 7:30 most mornings.

Far left: Fr. Michael Cooney recites the prayers over the gifts at mass as Sue Maraldo looks on. Left: Fr. Edward Belczak takes a moment to pose for a picture with some of his freshmen friends.

Mrs. Janet Roberge laughs at one of Richard Landry's jokes as Andy Prentice and Ed Ehlen look on in disbelief.

Fr. Edward Prus, Shrine co-pastor, explains the readings from the weekly mass held in the library for all students and faculty.

Composition, Literature Classes, Develop English Skills

Through the English Department we learn to
Communicate well with others, for without
This skill we limit our opportunities
For later life.

In composition classes we learn to correctly
Express our views and thoughts on many
Subjects. We also learn how to construct a
Sentence properly.

Shakespeare classes read plays and sonnets by
The Bard, and Novel classes study authors
Such as duMaurier, Dickens and Fitzgerald.
For freshmen and sophomores who have
Exceptional English skills, there is the
Honors English program.

The Reading Enrichment classes improve
Reading and comprehension skills.
Public Speaking and Acting classes give the
Students self-confidence to express
Their feelings in front of an audience.

Mrs. Ann Albertus and Miss Janet Scafuri are
New additions to the department this year.
Two further additions are the "new arrivals"
Expected by Mrs. Albertus and Mrs. Carol
McHale. Mr. Donald Sicko returns to take over
Mrs. McHale's classes in her eight weeks of
Absence, and Mrs. Albertus' classes at the second
Semester. The English Department offers
A diverse assortment of classes to
Broaden the understanding of the
English language.

A pleased grin on her face, Margaret Topolewski hugs Mary Rush in jubilation as she discovers she has just passed a difficult composition test.

Mrs. Georgiale Scott goes over Colleen Teahan's homework with her, so mistakes can be improved upon.

Are Mrs. Albertus' students bored or did they stay up too late last night to study for their test? It is unlikely they are bored since Mrs. Albertus' classes are interesting.

Mrs. McNichol shows Mollie Auckland the proper way to use a card catalog. It is important to understand how to use a library properly for research.

Mr. Ferguson assists Paul Davidson with a difficult English assignment. Mr. Ferguson finds time to help most bewildered students.

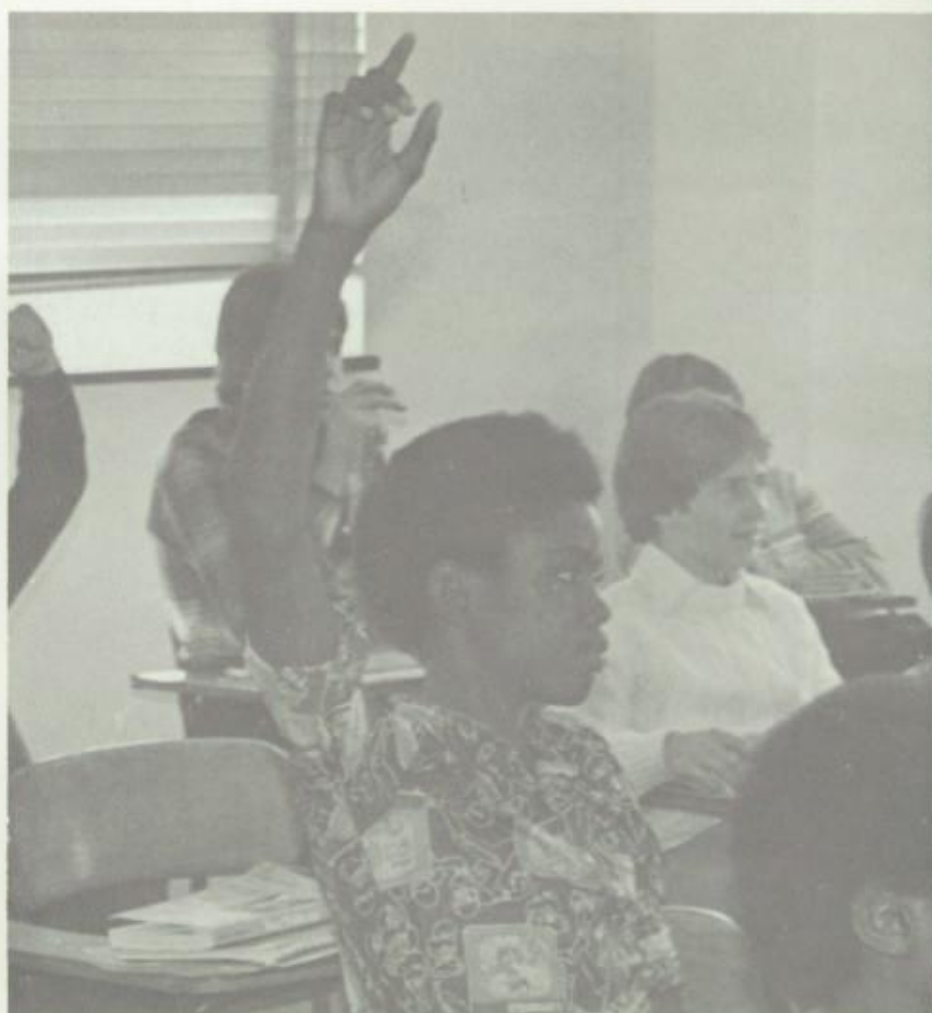

Mrs. Kaplan listens to Kirk Kossek explain his most recent skit in his Introduction to the Arts class. Freshmen spend several weeks in each area of the arts;

music, drama and art. They learn all the aspects of fine arts in these individual seminars.

Mike Wallis ponders a question about the previous night's homework as he chews on his pencil. History classes make us aware of today's world.

Ralph Williams raises his hand to inquire about the grading system in his World Geography class. Freshmen are required to take this class.

Ed Dodge has a smile on his face as he enjoys one of Mr. Pams' corny jokes, though Jack Cronberger does not seem to appreciate it.

Mr. Pam's is known throughout the school for his bad jokes, and people come to expect them in his various classes.

History: Digging in the Past

To Discover Our Heritage

Social Studies is:

Discovering the future through patterns of the past.

For freshmen,

The World Today and World Geography broaden Perspectives of our environment.

For sophomores,

American Studies give an idea of the struggle

For freedom throughout the two hundred

Years our country has been independent.

For juniors,

Western Civilization and Non Western Studies

Give an overall view of the world in general.

For seniors,

Government explores the political structure

Of the United States.

Honors American History I and II offer a challenge

For advanced students.

Through Social Studies we learn to mold our

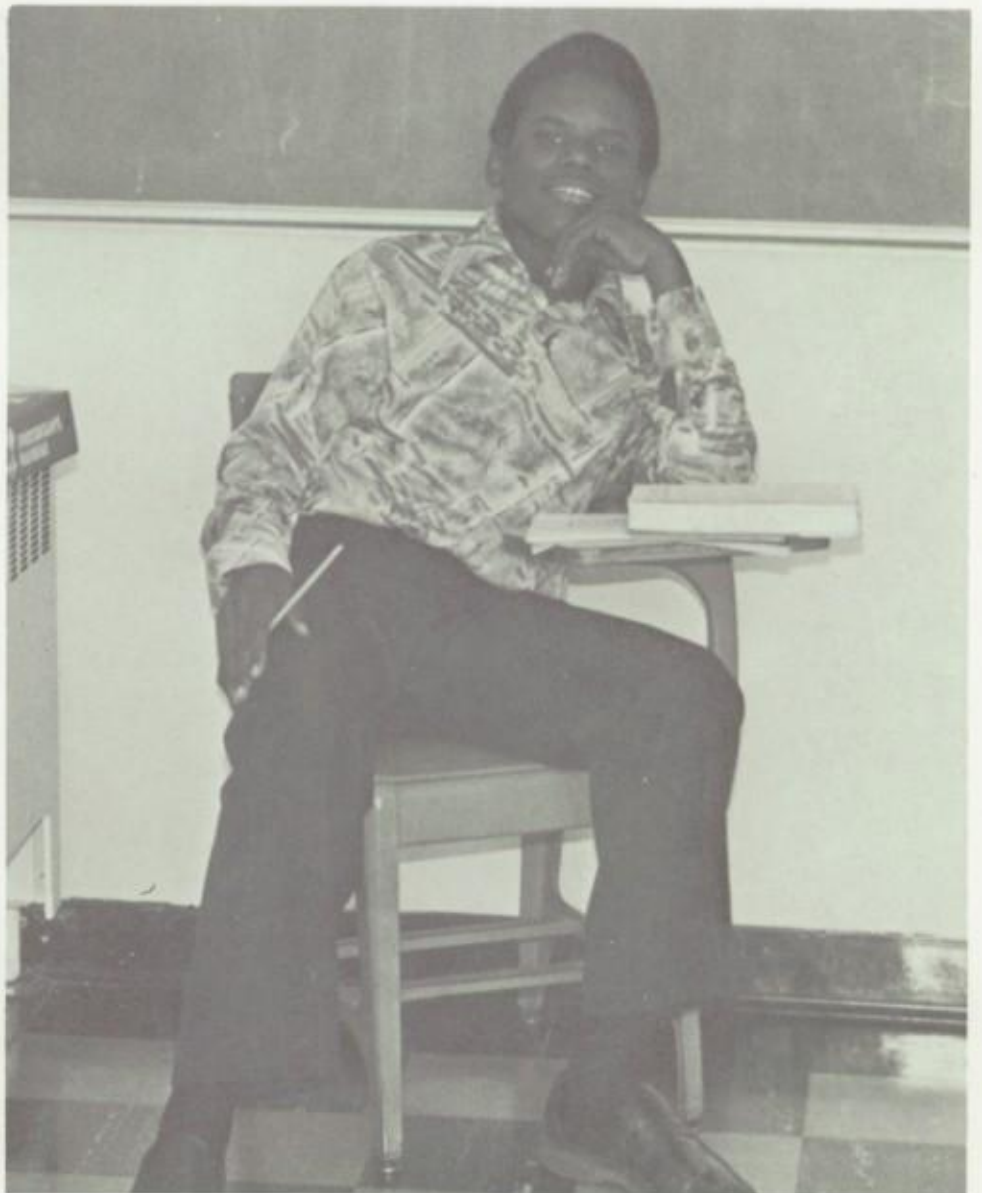

Future from examples of the past.

Terri Switalski takes a moment to ponder a difficult question in her American History class. History is both challenging and rewarding.

Mr. John Verdura points out a few of the finer points of Western Civ. to Marie Jones. Marie seems to find the class amusing.

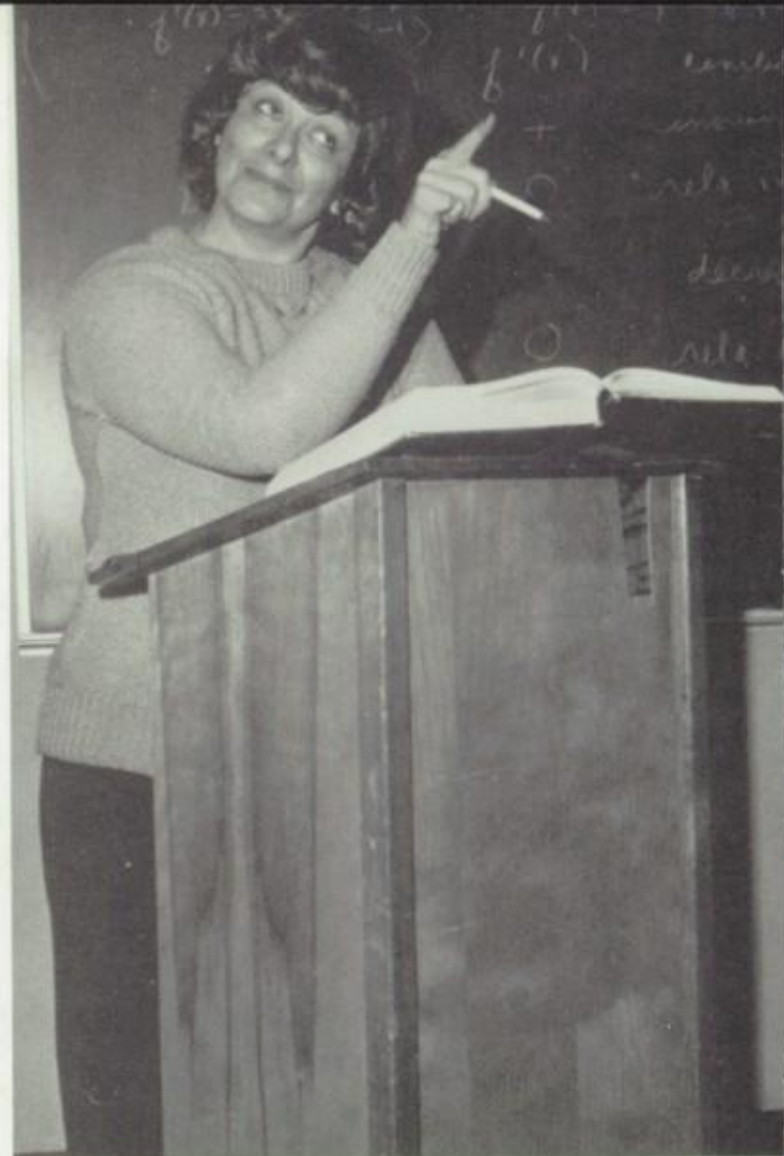

Darnell Dickerson looks slightly puzzled as he finds himself in the corner. He must not have done his homework last night.

Mathematics: An Exact Science

Learned Only Through Mistakes

Mathematics is a challenge; a never ending chain of Questions and answers. It is a skill which can only be Mastered through consistency and determination. The Shrine Math Department has a very strong program With a variety of subjects to be chosen and persued. To challenge the more gifted minds, classes such as Calculus - the study of differentials, derivatives, And limits - are offered. Other classes offered Are Geometry, Algebra, Computer Science And Trigonometry. All are practical learning Experiences dedicated to mastering the art of numbers And letters.

Chaired by Mrs. Mary Johnson, the department Also includes Mrs. Marge MacDougall, Mrs. Carol Klenow and Sister Mary Louise, S.S.J. All are Well qualified, respected and learned in the field. Only after much confusion, many mistakes and hours Of study can math proficiency be accomplished. The End result is a student well informed in the Complicated field of mathematics.

Mrs. Mary Johnson points a disapproving finger to the back corner where there seems to be some unruly behavior.

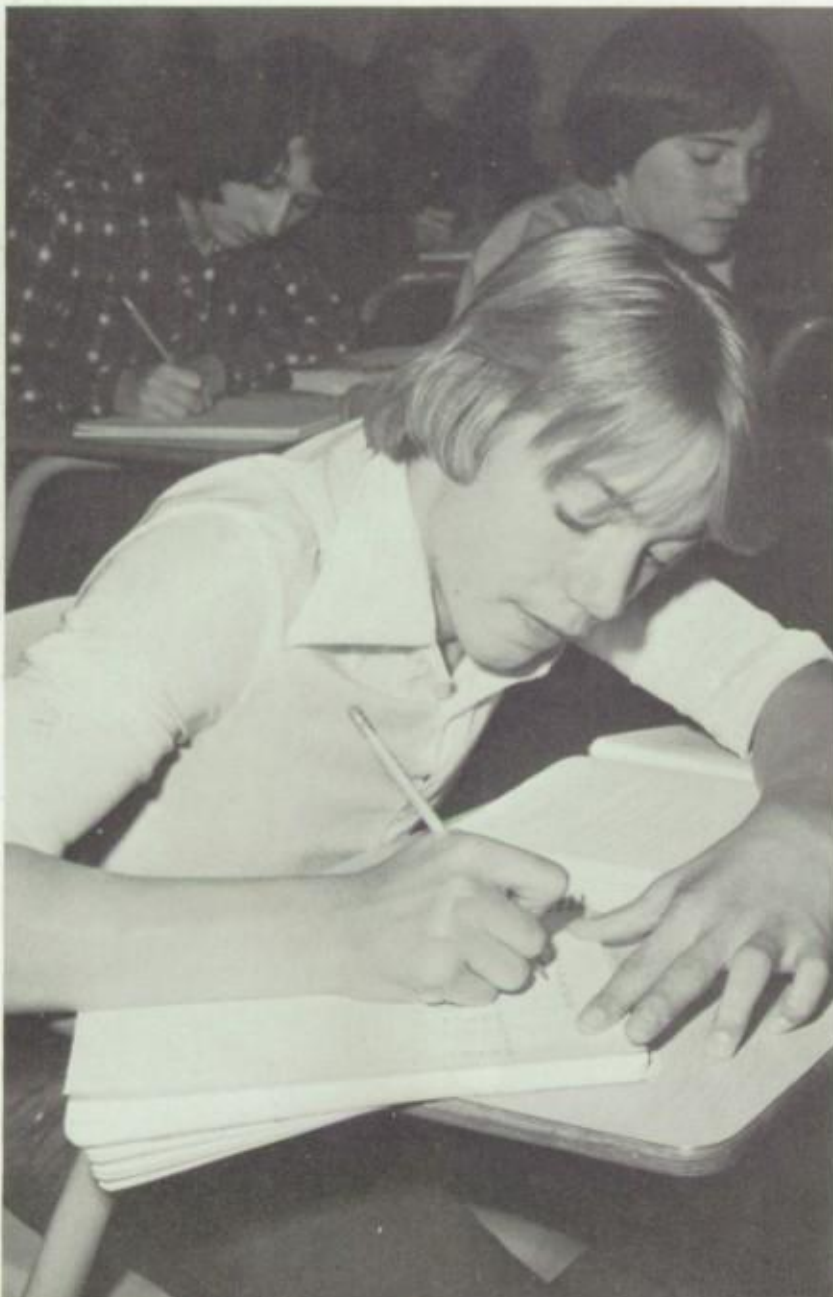

Freshman students Bob Madurski, Martha Winkler and Pat Gilmour hurriedly write to catch up with Mrs. Johnson's

Bionic arm. Vickie Graham and Bill Dolan seem to have given up all hope for the moment.

One begins to wonder if Mrs. Carol Klenow is referring to a student, a teacher or a photographer as she assists Mrs.

Marge MacDougall and Sister Mary Louise in a departmental conference.

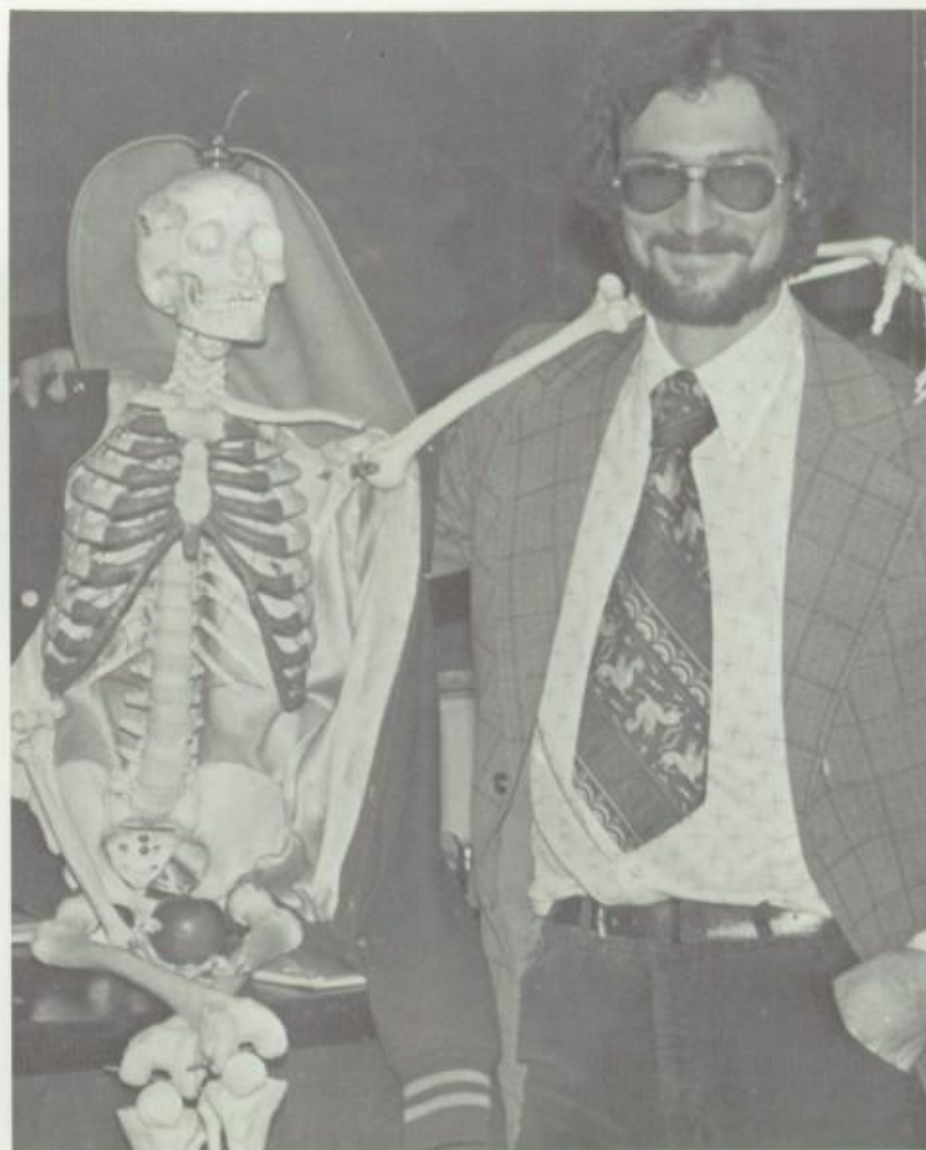

Senior Jay Campbell tries to memorize some notes that are needed to pass his very important Advanced Trigonometry exam coming up next class period.

Junior Mike Hathaway tries to finish up last night's homework. It seems he is not the only one who forgot.

Lynn Plaskey combines all of her newly acquired skills in the difficult task of boiling water during Chemistry lab.

Mr. Mark Wing, Shrine grad of 1972 and instructor of Biology, shows that there is more to class than being serious all of the time.

Jeff Ebaugh's "victim" stares at an amused Larry Bean as Jim Wyss takes advantage of a moment's distraction during Bio-Chemistry.

Science-Exploring the Abstract, Concrete and Unknown

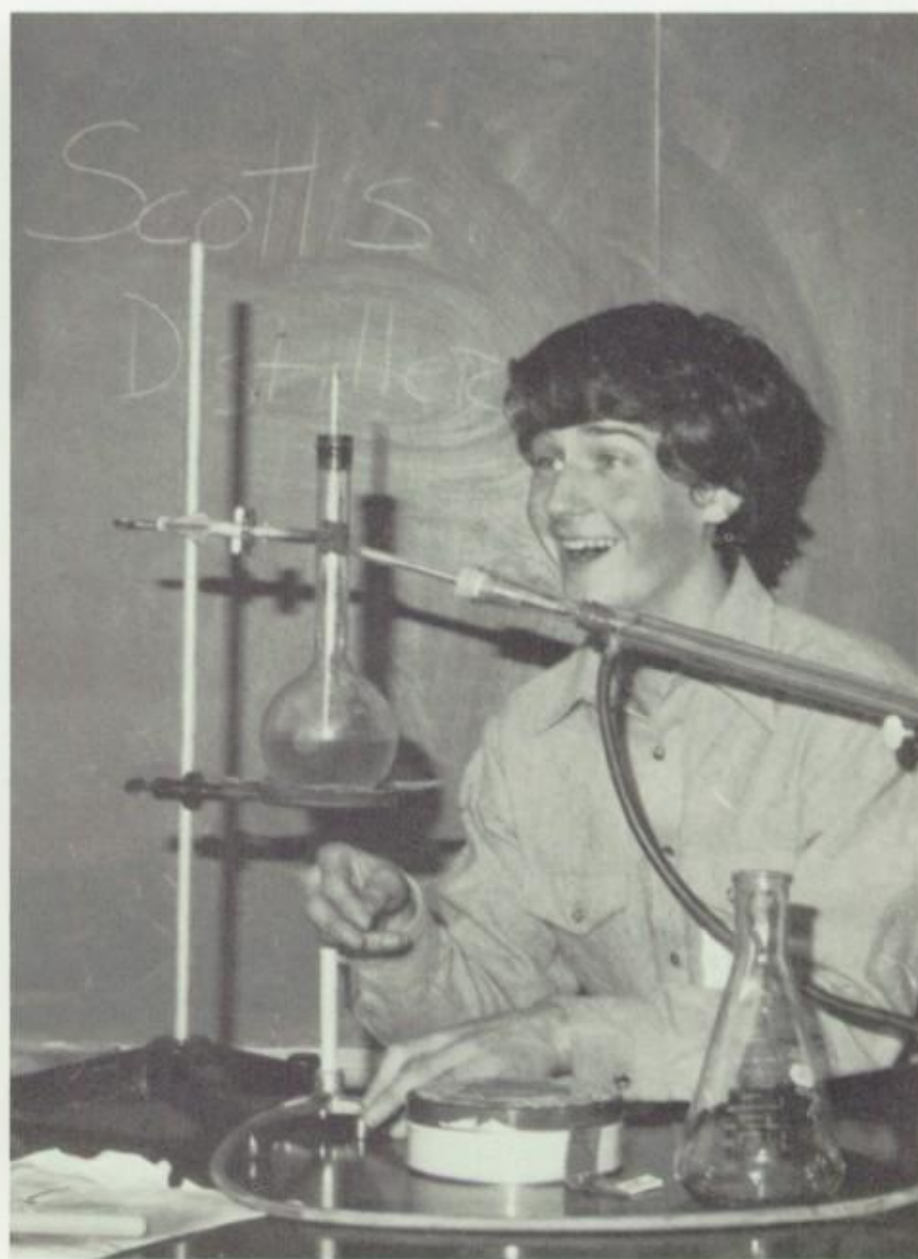

Mr. Michael Hoch makes an attempt at explaining the simplicity of the metric system and its concepts to bewildered Biology students, Patty Gryka and Joann Simpson.

Science: Learning and discovering the mysteries
Of life; finding the answers to questions
Which range from impossible to unanswerable;
Preparing for the future by taking advantage of
All offered courses. Biology explores the
Various wonders of existence. Experiments
In the lab make up a good portion of the class.
Quizzes, labs, tests and finals
Wear the patience thin at times.
Preparation, understanding and interest
Are all retained from continuous experience.
Introducing the study of the chemical
Processes, Chemistry proves to be challenging.
Physics prepares those students interested
In advancing their scientific studies.
Students quickly learn to depend on test
Scores, knowing that the grade can rise as
Easily as it falls. Bio-Chemistry completes the
Process by answering the unknown.
Preparing for the future . . . now.

Physics student Carrie Mergel tries to remember the point at which the carts begin to roll backwards during a lab experiment.

To his amazement, Scott Henderson discovers during Bio-Chemistry that his distillery produces a very toxic substance.

Foreign Language Add New Dimensions to Education

Language:

Studying the dimensions of communication.

Over the years language has proven itself

To be of great value. In this day and age

People have a need to understand

Other cultures. What better way to

Do this than through foreign language?

Each needs to feel a part of the world

Community. Here at Shrine, the language

Community is discovering these aspects.

French, Spanish and Latin—

Skills to be learned and exercised.

Mr. George Henretty chairs the department

With Mr. Robert Watson to assist him. It is

Indeed a privilege to learn a foreign

Language and have the opportunity to

Communicate in yet another way in this

Particular day age.

Rich Mergel seems to be the only person who caught Mr. Henretty's latest joke. It must have been one of his better ones as Joe Schwegman and Mike Mraz politely look on.

Mr. George Henretty ponders the success of his Spanish I class as he reviews their latest quizzes.

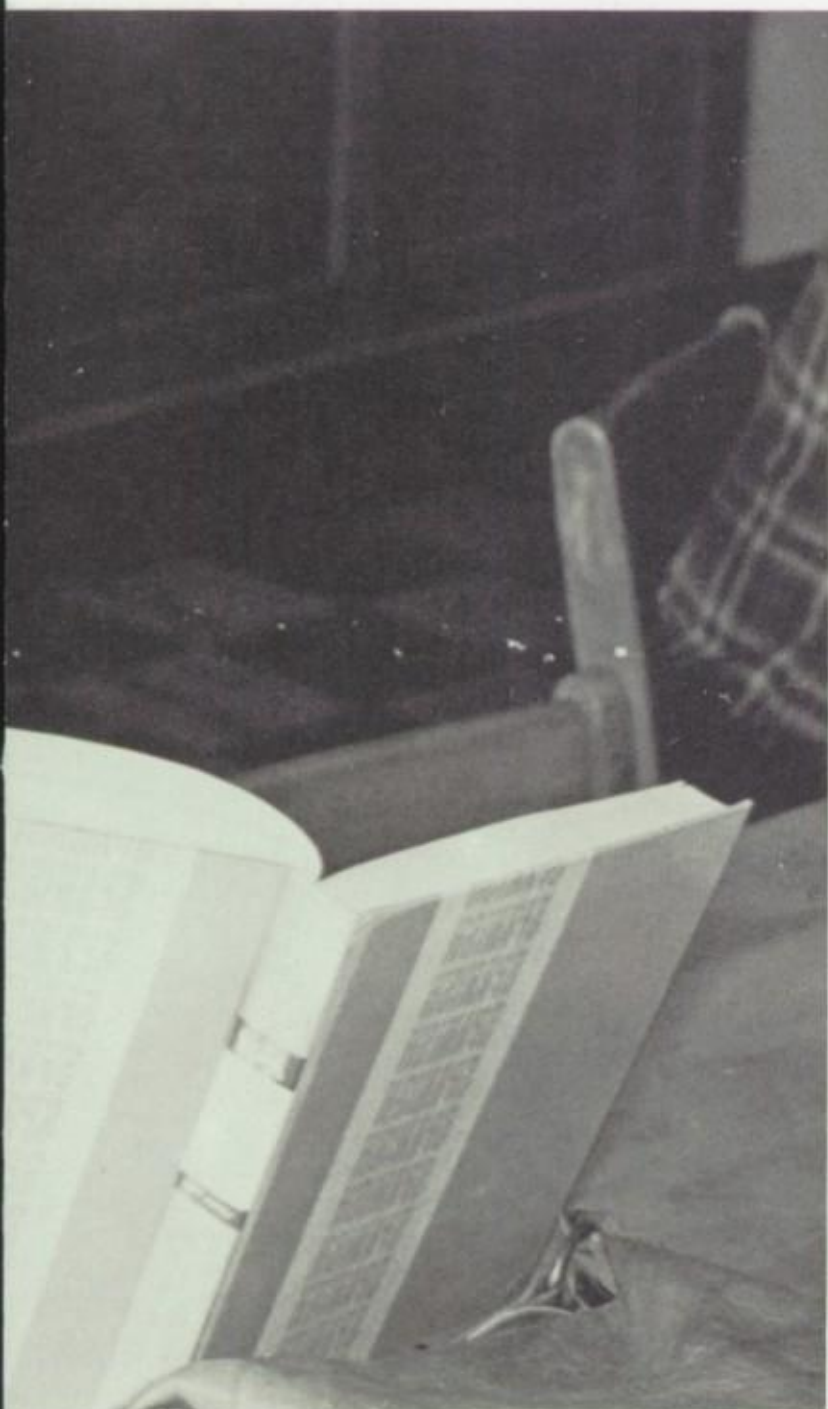

Anne Violante takes a last minute look at her notes before taking a quiz she apparently forgot to study for.

One would think that Mr. Robert Watson, after twenty-four years of teaching, would have discovered every possible means

of cheating. Surprise! He has found yet another as one clever student handed in both his notes and exam.

Clare O'Connor, Bill Hirzel and Richard Hollow listen to tapes to help them develop the skill of learning how to pronounce words of a foreign language correctly.

Students Examine Society Development In New Behavioral Science Department

The 1978-79 school year begins with
An additional teaching department:
Behavioral Science.

Under the direction of Chairman
Joseph Perrone, Behavioral Science sets out
To explore man's existence and
Growth as an individual in society.

Each class analyzes the
Importance of individual growth,
And the rate at which it occurs.

Despite the department's limited size,
Its classes introduce a wide variety of ideas.

Courses in this department include
Contemporary Issues, New Perspectives on Race,
Sociology, Psychology and "Rug Rats".

Upon completion of the required one-half credit,
The students are able to better understand
Their thoughts, their behavior and their actions.

They now realize why it is such a
"Pleasure" to be alive today.

During one of his free periods, Mr. James MacDougall prepares for his Contemporary Issues class. This course discusses many prominent issues of today.

Psychology is a routine part of the curriculum for many Shrine students. Junior Tom Kristopik, however, seems to be more in-

terested in Anne Violante than he is in his studies. Don't you tend to agree?

Gubernatorial candidate William Fitzgerald takes an hour out of his busy campaign schedule to talk with the Contemporary Issues class.

Mr. Joseph Perrone demonstrates the childhood game of hide and seek to his "Rug Rats" class, a new course offered this year.

Senior Dave Daniel becomes the guinea pig during his mod 16-17 psychology class as Mr. Joseph Perrone demonstrates psychotic behavior.

Students Encounter New Business Skills and Ideas

The world of business
Is a broad area, continually
Changing, developing and expanding.
Through the instructions of Mr. Robert MacDonald
And Shrine's new addition, Miss Janet Scafuri,
Various aspects of the business world are explored.
For the novice typist, Typing I is offered.
To continue the skill
Students can take advanced typing classes.
To further develop secretarial skills,
Shorthand and Business Records are available.
Amateur accountants
Have the opportunity to further explore
Their interest independently
Under the instruction of Mr. MacDonald.
Other classes promote a greater understanding
Of the every day business community.
Checking accounts, daily finances and income taxes
Are a few topics covered to prepare students
For future business experiences.

Junior Shelly Brenner diligently attempts to complete her Elementary Shorthand exercises in order to prepare herself for new material.

Miss Janet Scafuri, a new teacher in the Business Department, offers freshman Mary Ryan assistance in perfecting her typing abilities.

Senior Mike Beaufore studies his accounting homework. Accounting is taken independently and instructed by Mr. Robert MacDonald.

Mr. MacDonald helps Seniors Mary Karwaski and Anne Schwegman as they seem to be confused with their Consumers Studies assignment.

"Why won't this machine add what I want it to?" Junior Sheila Kler is busy practicing on the adding machine for Office Procedures.

Beginning typing students Mary Kay Finn, Jerry Fournier and Don Jardine gaze with determination at their typing assignments. This is a highly recommended class for future work in high school and college.

Musical Talents Enrich School, Enjoyed by All

Music:

Not just a series of notes, music requires feeling And rhythm. Students learn to use these techniques In Class Piano and Theory. The Music Composition Class allows students to express themselves creatively, encouraging them to write their own music.

Beginning Chorus and Concert Choir are also Offered to teach proper vocal techniques. Band And Recorder Quartet are once again offered for Instrumentalists. Goliards are a small group of Musicians who spend many hours after school Practicing for special performances. Miss Jean Meyers directs the choirs with a firm hand and they

Put forth great effort to be the best Choirs possible. This year the mixed chorus participated

In many fundraisers to earn money for a trip to Florida to compete in the International Choral Festival. These fundraisers included a 24 hour Sing-a-thon, selling Current stationery and candy,

And taking inventory at Hudson's. Music is a Rewarding experience for those who participate.

Miss Meyers instructs the choir in the proper way to breathe as they practice one of the songs they will perform at the spring concert.

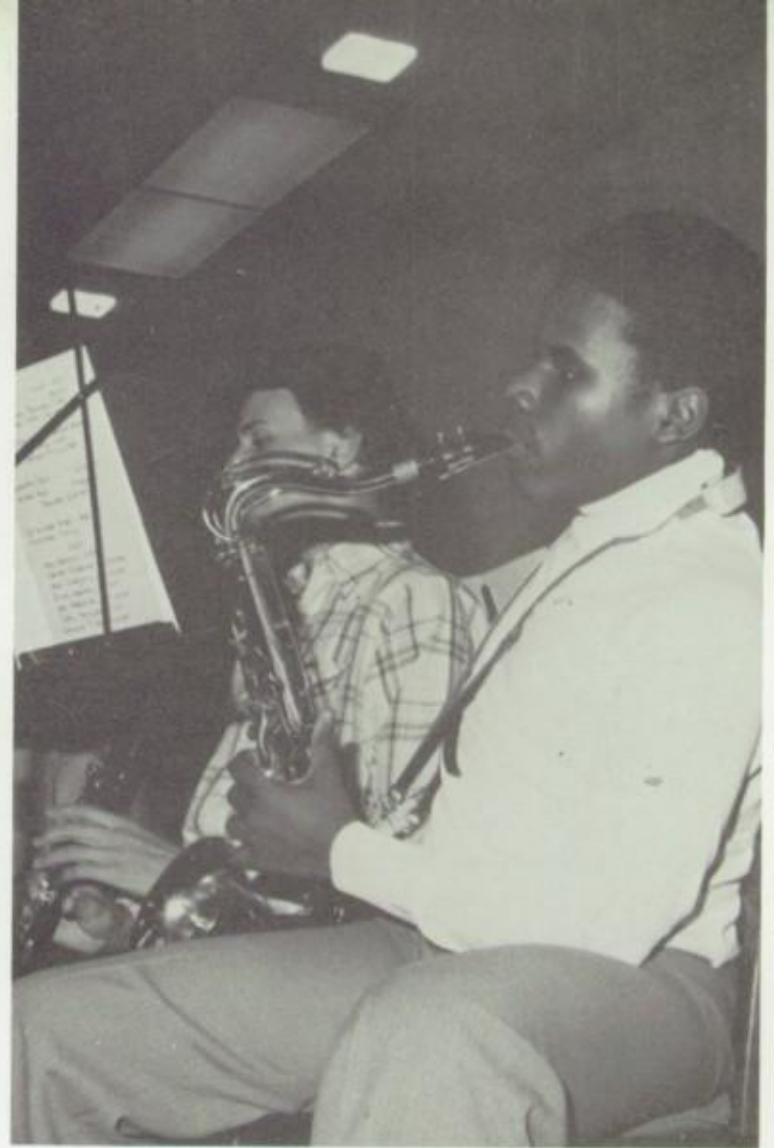

The Shrine High Choir performs many times each year at various sponsored functions. A new feature added this year to the annual

concerts at school was a Christmas performance at the Royal Oak Music Theatre with other performing acts.

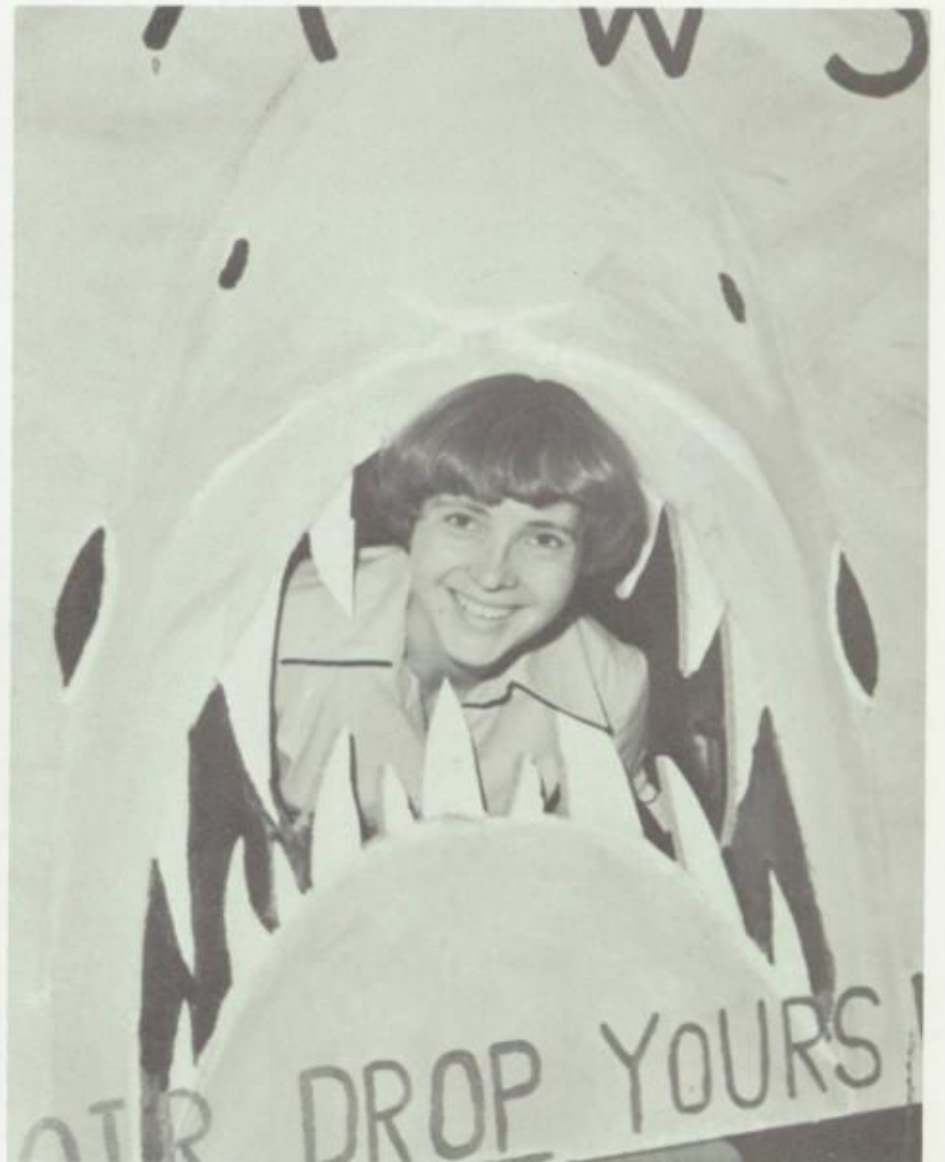

The 1978-1979 Goliards practice one of their show-stopping tunes before heading South to Florida for the International Choral Festival where they will perform with the mixed chorus.

Darnell Dickerson, an avid saxophone player in Shrine's band, plays with ease at a performance given for the parents.

Peggy Nichols practices the "Triumphant March" for the December 3rd National Honor Society Induction. Peggy plays at many school events.

Miss Meyers finds herself in quite a predicament. The same thing may happen to choir members who do not open their mouths while singing.

Students Display Talents in Art, Shop, Drafting

Drafting:

A complex field that requires a combination of skill,
Dedication and determination.

Mr. Dwain Kleusner teaches the students the best
Way to develop their skills in Drafting I, Drafting II and
Drafting III.

Shop:

Taught by Mr. Robert MacDonald, shop is an interesting
Class that combines hard work and humor. Precision
And accuracy are required to build the perfect object.
The students are free to use the provided machinery
Under the watchful eye of Mr. MacDonald.

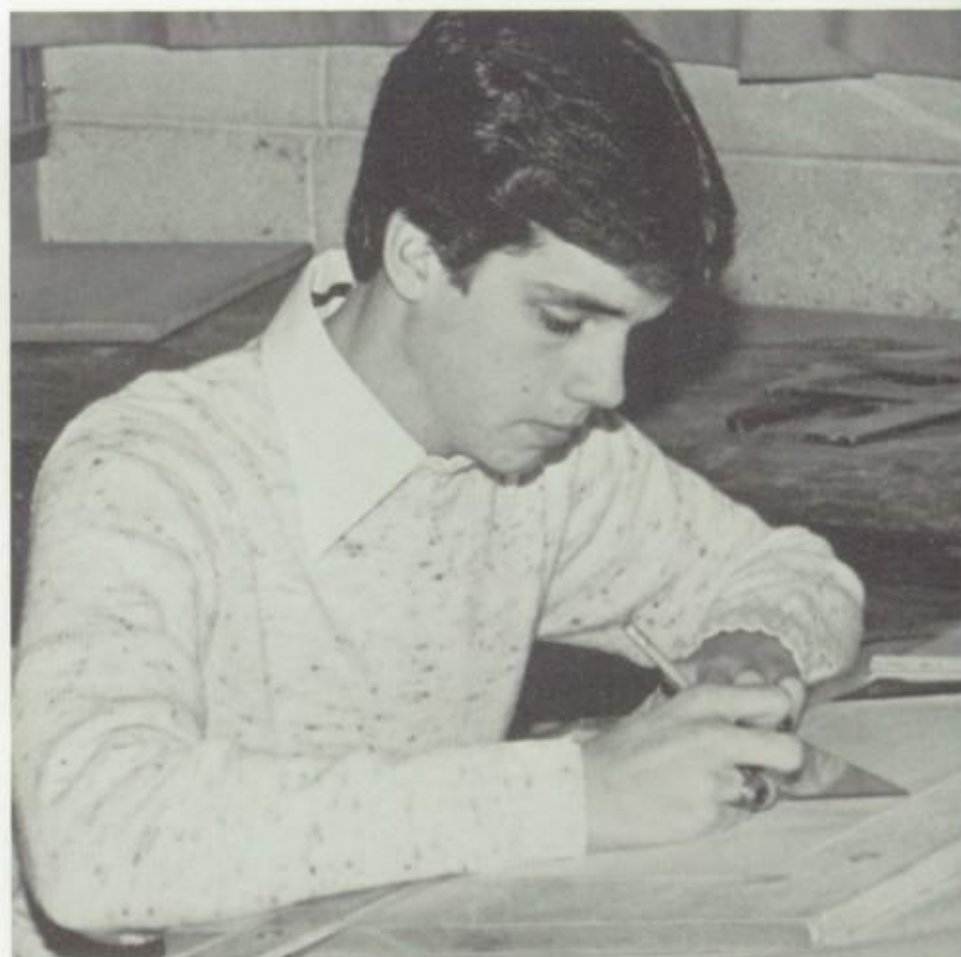

Art:

A field which allows variety, art includes a series
Of classes. Drawing, painting and photography are some
Of the areas of art the students are able to pursue.
Creativity is emphasized and encouraged. Mrs. Cathy

Trahan

Is constantly updating the classes to the students' needs.

Their creations are displayed around the art room,
Pottery is left to dry on the shelves, dried pottery is
Painted and admired. Students work toward perfection,
Knowing that their work will be
In the May art show only if
It is their best effort.

In a moment of intense creativity, Senior Bob Dery adjusts his straight edge to put the finishing touches to an idea he is working on.

Glen Terbrack and Tom Reaume show the concentration and percision needed to complete their projects in Shop.

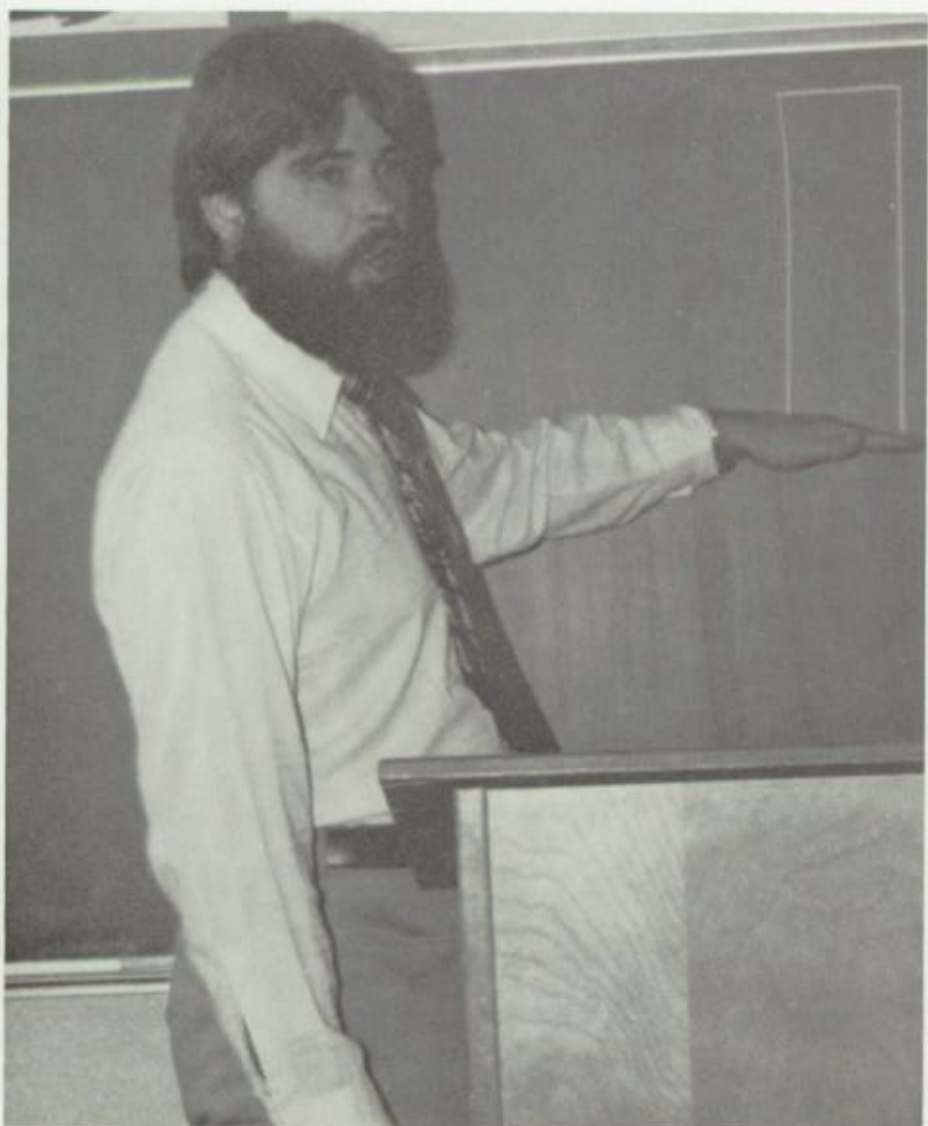

Craftsmanship, quality and creativity are stressed throughout the course.

Working very carefully, Freshman Mike Liposky attempts perfection as he cuts a block of wood for a project in Shop.

Marcia Ridling and Beverly Hearn offer advice to Anne Marie Bean as she decides how to finish the drawings for her next project.

Mr. Dwain Kleusner, a teacher new to Shrine, explains to his drafting class the fine points of geometrical construction and symmetry.

Seymone Cumbee works studiously on her art project in beginning art class. This class builds a foundation for beginning artists.

Sherri Pickett and Olivia Anderson concentrate on the placement and pinning of their pattern pieces. With the first step completed, they can begin to sew.

The frustration of sewing is evident as Mary Walker and Vivien Qonja attempt to overcome a few minor obstacles. Karl Rumptz makes school history by becoming the first male to enroll in sewing.

Seamstresses Emerge From Clothing Courses

The patience is obvious as Lisa Woods carefully cuts out the pieces from the pattern she plans to wear for the Spring Fashion Show.

Moving slowly but steadily in
Anticipation of the finished product.
Choosing the pattern, material and added
essentials is the easiest job in the process
Of creating the tailored outfit.
Placing the pattern, pinning, measuring,
Cutting out the pieces and following directions
All take time and patience.
Making mistakes and learning from them,
Ripping out the seams and resewing are all
A part of the experience.
Matching notches and dots, grading seams,
Topstitching, threading the machine and sewing
Darts are learned from time-consuming
Practice. Mrs. Smith's assistance calms nervous
Moments when a pocket is sewn on
Upside down. A moment of pride is experienced
During the Spring Fashion Show annually
Sponsored by the Mothers' Club—
A sense of accomplishment as
The year's goals are fulfilled.

Mrs. Jean Smith instructs all sewers, intermediate and beginning, on the correct methods of constructing simple and complex clothing.

Elizabeth Hollow presses the seams on the jumper she is making for her new fall wardrobe while in Basic Sewing.

Phys. Ed./Health: Physical and Mental Body Improvement

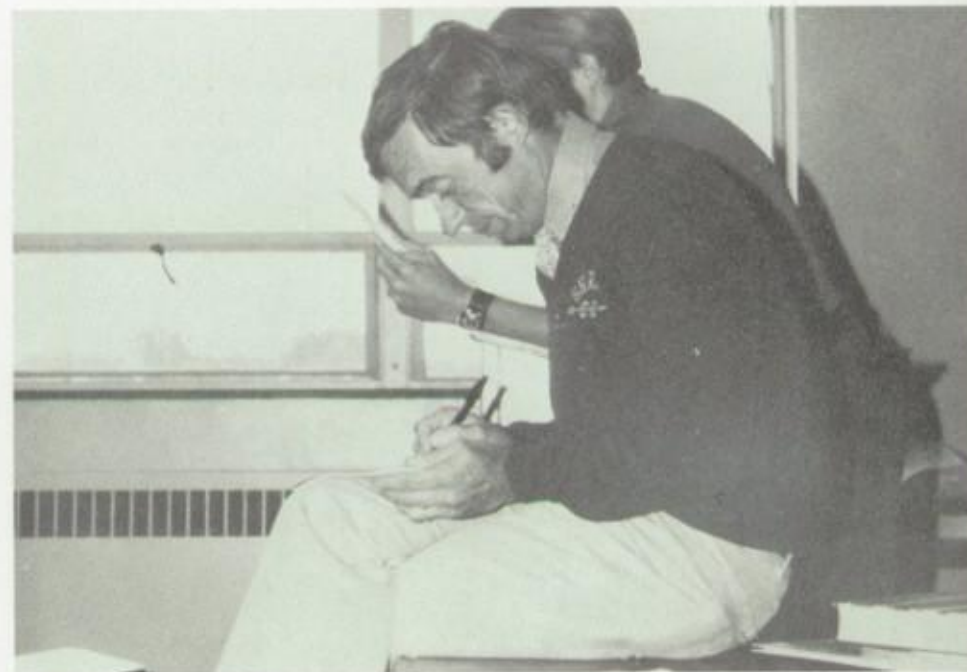

Physical Education: Building up bodies
Through various activities.
Softball, football, basketball and
Hockey all contribute to our physical growth.
Meeting new friends and sharing memorable
Experiences are all part of the classes.
Working together expands the vast
Area of fun involved in gym classes.
Striving toward improving our bodies physically
Is just one of the many goals to achieve.
Health: Enrichment of the mind occurs through
The reading of various chapters.
Learning the complex makeup of our body
And examining the various types of diseases
That affect the body can help each person in life.
Working toward improving a body, both physically
And mentally, can be a rewarding experience.

A group of energetic freshmen show their skills to each other in physical education. Phys. ed. is a two semester course for freshmen.

With much determination in mind, freshman Brad Cross tries to sink the basketball for two points. Basketball has always been a favorite sport to both the boys' and girls' gym classes.

Filling out the attendance slip for health class is the instructor, Mr. Lou Miramonti. Aside from teaching the boys' gym classes, Mr. Miramonti coaches the cross country and track teams in his "spare time".

With the arrival of warm weather after a cold winter, the gym classes move outdoors to engage in contact sports such as soccer.

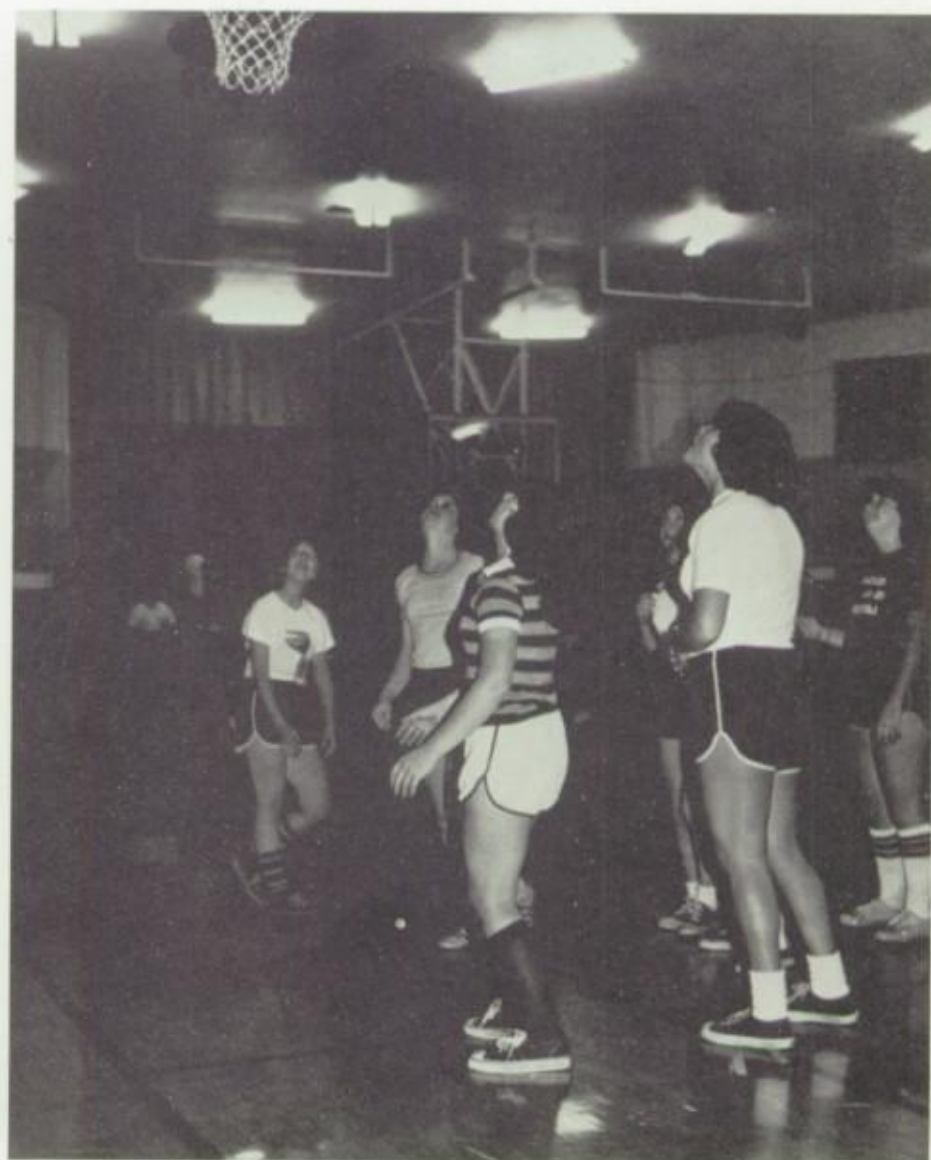

Bearing a cheery smile on her face, Miss Linda Mueller looks up while teaching health to her class. Not only does Miss Mueller teach gym classes, but she coaches girls basketball, volleyball and softball.

These freshmen girls anxiously wait for the basketball to fall back to the ground. In order to enjoy a good game of basketball it takes a lot of practice, teamwork and screaming.

Several times throughout the year the boys' and girls' gym classes combine for coed classes. These freshmen show how much fun it can be.

Something other than a basketball seems to have caught the girls' attention. Maybe they are admiring the beautiful new gym ceiling.

Journalists Work Towards Another Year of Success

The Observer begins its second successful year. With the staff half the size of the previous year, Moderator Peter Ferguson and his enthusiastic Students work diligently on each of the Fourteen issues. The paper is published every Two weeks, and the staff is constantly writing articles For the next edition. After this task is completed, Numerous rough drafts must pass the close inspection of Editor-in-Chief Gregory Davidson. The approved Copy is then placed to fit on the appropriate page Much like a jigsaw puzzle. On alternate Wednesdays, The students' work is sent to the printer who has the Final edition ready for proofreading on Friday. Expenses are met with numerous Bagel sales, not-so-numerous advertisements And the financial support of Shrine High School. All in all, the staff is getting the better of Many shortcomings to produce A popular and effective publication, The Observer.

Staff member Sue Longo proofreads her article before it passes under the close scrutiny of the moderator and editor-in-chief.

Mark Bach and Ed Frank combine their efforts and resources in writing an article which reviews the entire fall sports season.

Mel Robinson assists Elwanda Houseworth by reviewing the rough draft of her journalism assignment before she submits it for a final reading.

Editor-in-Chief Greg Davidson rechecks his accuracy and precision as he places the pieces of the "puzzle" together before sending the final draft of the paper to Parish Publications.

Mr. Ferguson attempts to organize some of the confusion created by the newspaper staff before a crucial deadline.

Photography Editor Scott Henderson explains the many reasons why you don't drink developing liquid to his photography staff.

Yearbook Moderator Peter Ferguson proofreads body copy as accuracy in journalism plays a vital role in meeting deadlines.

Bob Dery transfers his rough layout onto a carbon copy, which is the final step before it is sent to the printer in St. Clair Shores.

Yearbook Staff Preserves Living Memories of '79

Larry Wash and staff members Marie Davidson, Patty Conklin and Mike Beaufore assist John Jackson with yearbook subscriptions during orientation in the school foyer.

Yearbook is a unique class in itself. Thirteen individuals combine their own Creative talents toward one common Goal: preserving the memories of the 1979 school year. To reach this goal The yearbook staff must meet many Deadlines to Modern Yearbook Company. With the assistance of Mr. Peter Ferguson, the complete Book is sent to the printer by March 1. The theme for this year's book, "What a Privilege to be Alive in this Particular Day and Age," was chosen For various reasons. One major Factor was that the staff felt this Theme could be easily applied to Every part of Shrine life. Whether it be Sports or academics, this theme represents the character of Shrine High School.

Homecoming Activities Initiate School Spirit, Unity

Shrine becomes a beehive of activity

As the student body prepares for Homecoming weekend. There is so much To plan, so much to do. The traditional

"Fifties Day" kicks off Spirit Week.

Queen Gina O'Connor and her court—Pat Areddy, Janet Curto, Peggy Nichols, Judy Pinto, Terry Selik and Julie Walker—are Announced. The girls are swarmed with

Congratulatory hugs and kisses. The

Student Council schedules the activities For the following week—"Movie Star Day," "Oddball Day," "Hat Day" and "Blue and Gold Day." Each class demonstrates their Enthusiasm by decorating halls and buying Spirit links. The excitement mounts as Spirit Week draws to a close. The final Cheering contest decides it all. Juniors And sophs find victory quite satisfying.

The weekend proves to be just as exciting.

Shrine Varsity Knights easily defeat

Hopes and promises
Of another successful season.

Under the direction of a
New head coach, the team
Is prepared to play ball.
Being consistently ranked in
The State's Top 10,
Shrine becomes a prime

Target for all of
Their opponents.

The Double "A" League
Is tough when your team
Is number one.

But the Knights manage to
Retain their league crown
With an impressive 9-1
Conference record.

The next step is to defend
The Catholic League Crown.

Two close victories over
St. Clement and DePorres
Earn Shrine a berth in the finals.

Shrine gallantly tries to
Retain their Catholic League
Title, but are foiled
At the hands of Brother Rice.

John Bauer shoots high over two Divine Child defenders to put this shot "right in their faces."

Junior Varsity and Frosh Work Hard for Perfection

1978-79 junior varsity and freshman basketball is a time
To mature, a time to grow, a time to work as one unit;
A team.

Led by Coach Timothy MacKinnon, the junior varsity starts
Early to prepare for the tough upcoming season. In many
Games throughout the season the J.V. prove they have
What it takes to be winners. Playing tough opponents
Like Bishop Foley, Divine Child and Servite, the team
Works on defense, shooting and many complicated plays,
All adding up to one common goal—victory.

The freshman basketball team are the rookies of the school;
Always a rough year due to the fact that so many boys from
Different grade schools must now come together and work
For one cause—Shrine victories. Always learning, the
Freshman team, led by Coach Michael Fusco, work hard to
Achieve their goals.

Ron D'Angelo shows off his superb style as an East Catholic player tries desperately to block this short jumper.

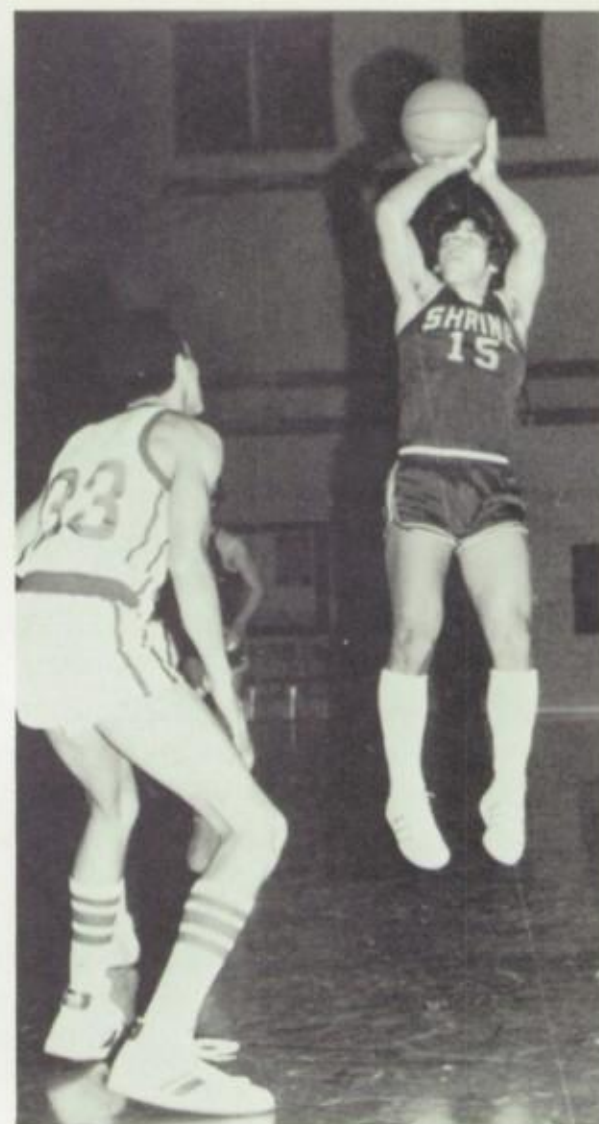

The 1978-79 Freshman Basketball Team TOP ROW left to right: Pat Stevenson, Emery Person, John Kearns, Walter Woods, Bill Wilt, Dwayne Fletcher, Ron D'Angelo, Paul Richer, Kirk Kossek, Tim Dery, Coach Michael Fusco.

BOTTOM ROW left to right: Ken Gardner, John Schwegman, Brian Morgan, Tony McCough and Lenord Burnett. The freshman team proved to be one of the many excitements of Shrine High.

The 1978-79 Junior Varsity TOP ROW: Coach Timothy MacKinnon, Jim Arce Ron Trebnik, Jeff Drozdowski, Mark Saso, Joe Cushing, Dave Brenner, Brad Cross and Pat Auckland. BOTTOM ROW: Dan Lynch, Tom Arce, Derrick McKissick, Dan Wangler, Ed Doman, Craig Pilditch, Jim Dennis.

Dan Wangler stuns an East Catholic player as he goes up for an easy two point jump shot.

David Brenner and Jeff Drozdowski steal the rebound away from an East Catholic opponent as Freshman Brad Cross looks on.

During a crucial time out, Junior Varsity Coach Timothy MacKinnon discusses the key strategy for a victory with his team.

Girls' Volleyball Develops Strong Attitudes, Character, Principles

The teams work toward the improvement and Perfection of the skills required: bumping, Setting, spiking, blocking and serving. A Good portion of the strength of the varsity is Supplied by many returning players. Progress is made as the season continues. Victories are added to the record, creating an Impressive overall standing. Hard work and A combined effort during numerous, long hours of Practice prove to be beneficial to the J.V. and Varsity teams. The second annual Shrine Invitational Volleyball Tournament title is Captured with the talent and determination Shown by the Knights. Experience and Strength are gained as the season Advances. Coaches Linda Mueller and Debbie Vander lead the teams with their Knowledge of the strategy of the sport. The Effort, concentration and dedication supplied by Each member of the team add to the Success accomplished.

Julie Ebaugh, Camilla Asher and Lisa Uguccione have puzzled looks on their faces as Diane Harbour strikes the ball. Is it a shot or is she setting us up?

Shrine's star player Diane Harbour makes a perfect set in a very important game.

Freshmen Establish Special Identity With Class Officers

Freshmen- Class of 1982:

The adventure of high school life
With four years of work and fun ahead
Startles many new freshmen.

The seniors initiate the frosh with
The little brother and sister picnics.
The fun of Spirit Week competition
With the seniors as their partners,
And the float "Knights Will Strike Again"
Add to the accumulating memories.

That first high school dance
And the thrill of meeting new friends
Is a time that is unforgettable
For the freshmen.

Running for class officer
And Student Council representatives
Are new challenges that they face.

The Spring Hop is traditional
For all freshman classes at Shrine.
Class of '82 . . . energetic.

Activities Help in Keeping the Sophomore Class Busy

Having gone through the process of acquainting Themselves with Shrine, the sophomores work their Way through a second year. Sophomore year, Considered by many as the toughest year at Shrine, forces the sophomores to put forth their Best effort so that the semesters will go by much easier. Class spirit is an important factor with the class of '81 Because it allows them to express themselves as being A very close-knit group of individuals. Extra-curricular activities and sports events offer some Sophomores a chance to expound on their abilities. Raising money throughout the year with bagel sales, Bake sales, car washes and raffles help pay for the February Valentine Dance. The Sophomore Class officers, Harold Macks, Jane Mollica, Maryann Bauer and Denise Yatooma, help Guide their class Through the year.

Language classes have fun points, too, as Cathy Lomas and Beth Shaffer find a distraction is sometimes more amusing than the routine monotony of Spanish II.

"I will always remember the initials 'H.B.' I will remember going to MacDonalds with my big sister freshman year and singing 'We Love You Seniors'"

Class Of '79: Growing, Striving and Reaching

Now it is time for us to
Spread our wings;
Time to explore a new world
With new horizons.
We must take all life
Has to give us.
And we must take it with pride.
For we are reflections of
Our school and our parents.
But mostly because
We are what we are,
We must be grateful for
What we have earned
And received.
We must try to better ourselves
And our society with the
Foundation we have established.
We will look back often with
Fond memories of
Shrine High School.
As freshmen we only dreamed of senior year.
It has thus departed as
Swiftly as it arrived.
Now that we stand
On thresholds of
New adventures,
We should only look
Back for a moment.
For we cannot live in our past,
But only in the future.
And that future holds many
Great things for those who
Strive for them.

"I will always remember the warmth of the teachers at Shrine High."

"I will always remember the good times, laughs, and fun I had with my friends and classmates. A school is nothing without good people behind it to make it great."

"I will always remember the spirit and the closeness here at Shrine."

ACKNOWLEDGEMENTS

At the beginning of this school year, the 1979 "Spirit" seemed an impossible task. Numerous deadlines, which at the time seemed beyond our reach, faced a staff of 13 students. But to my surprise, the combined effort of these individuals and the constant guidance (or should I say threats) of Moderator Peter Ferguson enabled us to grasp and reach these goals. I certainly did not realize how many people are required to maintain a successful production schedule. It is difficult to recall all the individuals who have helped in some way throughout the year, but these people have played a major role in making the year's book a success: Lorraine Suprunowicz from Modern Yearbook Company, who has guided us throughout the year in format and content; Frank Ortman of Craine's Studios, who always seemed to come through with the pictures at the last possible moment; Jeannie Dow, who always remembered how to edit a section when I did not; Associate Editors Marie Davidson and Kathy Thomas, who did all the dirty work I did not have time to do; Greg Davidson for his willingness and help on those late deadline nights; John Bauer, who helped make Honors Calculus one less class for me to worry about; my parents, for their constant support and tolerance; and especially Peter Ferguson, for without whose help this book would never have been completed.

As I look back on my four years of high school, I have certainly had many great times, and the yearbook is just one way of capturing these exciting moments. Even though the Class of '79 will go their separate ways, their unity will forever exist in the 1979 "Spirit."

P.S. My conscience would never rest unless I stated in summation what producing a yearbook is really like. Our staff is accurately characterized by the following on a deadline night to the printer:

'Twas the night before a deadline
Nothing was going right,
The staff was all assembled,
Time was getting tight.
The editor screamed
From the top of his lungs,
"Let's get a move on . . .
We've got to get done!!!"
We have no more pictures,
Scott Henderson has gone,
The darkroom's a mess
This just can't go on!
Late into the night
The staff worked until day,
Got the yearbook somehow finished,
And sent it away.

Every lasting friendship relies on certain materials for its success. The first of these is truthfulness. If thoughts and feelings can be expressed with the simplicity of a small child, friendships will indeed last forever. Through these interactions we joyously discover that it is certainly a privilege to be alive in this particular day and age.

**TODAY'S LASTING FRIENDSHIPS WILL LEAD
US ACROSS THE BRIDGE TO TOMORROW**

Dear Hala (The Doll),

The best friend I ever had.
You were everything a guy could want.
Most understanding, funniest, best
sense of humor and the greatest
smile I ever saw. I have never
cared about anyone as much as you.
I try to be real good to you but
I feel like I owe you more. I
hope you never change from
the way you are now because
you are the nicest and most
understanding person I ever met.
I hope you don't get tired of me or find
someone better because I don't know
what I would do and I am serious.
But you're so irresistible
anyone would want you, especially
me. I definitely will see you
over the summer if that's all
right. Thanks for the best 7 1/2 months
of ~~my~~ ~~my~~ my life.

Love
Patrick

Hala-
I don't know you
that well but
I hope we can
become better
friends in the next
two years. Hope
you have the best
summer ever &
I hope to see
you too! Don't
get in too
much trouble
and be good.

Hala,

you're a really nice girl and it was fun being in Biology, & 20th cent., and Heroes with you. (especially Heroes!)

you have to promise me that you invite me to you & Patrick's wedding.

Have a really great summer and stop skipping so many classes.

(one of these days your going to get suspended or something!)

P.s. thanks for giving me advice, (with you know who)

Love,

Cathy &

Hala,

Well another year has passed for you and only I for me I hope you've enjoyed it. You're a real terrific person and I'm real glad I got to get to know you alot better, I like you alot and I hope you never change. Mod 10, I was for don't forget it. Please what ever you do don't change, you pretty thing you. Have a nice summer! Love, Rachel

HALA

Wow we made it through sister

Judy's. What an

accomplishment - we

should be proud!

Oh well. See ya this

summer.

I love you,

Love, Cathy

Hala 642-3975

we made it through

geometry! I wish I

could have talked

with you more. Next

year I hope we can

become better friends

stay nice and sweet

keep in touch over the

summer! Love, Deanna

Hala,
you know
you didn't meet
I'm glad I did.
was fun at homecoming
but I'm glad I did.
anyway its nice to
know you.

Hala,
It has been great
meeting you this
year. So July's was
the worst class and
I'm glad you helped
me thru it. Have a
great summer.
Love,

Hala

Your the best looking
Camel I ever new! (I hope
you dont take that the wrong way.)
Put it this way — your a
good lookin Chick! Soooo when
are you going to let me barrow your
Album? thats o.k. I already got the tape.
I sort of miss talking to you in Art, By
the way did you take any of my advice?
You and Eman ~~make~~ the weirdest Pair!
You ~~two~~ should have fun over the summer.
You and Pat remind me a lot of me
and Sue. (who turned into A Bitch after a while)
I dont think you could ever be A bitch, its
just not your style. Hey it Rym's.
Welp got to go Study for a final. tell
Eman I said High. take it easy over
the summer and good luck with Pat.
Your Friend
Paul

HALA,
Have a good summer.
I know you hope
in a lot of your jokes.
so I can tell
you. Good luck
